A colorful cartoon illustration depicting a group of children in a factory or industrial setting. On the left, five children wearing hard hats and safety vests are gathered around a large, metallic industrial machine. The machine has two prominent cylindrical components with the number '0' and a less than symbol (<) on them. A child in the foreground, wearing an orange vest and blue shorts, is operating the machine. To the right, another child in an orange vest and red cap is standing near the machine, looking on. In the background, a large pipe emits a plume of white smoke. A green flag with the characters '見学' (Observation) is held by one of the children. The scene is set against a light green background with some industrial structures visible in the distance.
